

Description

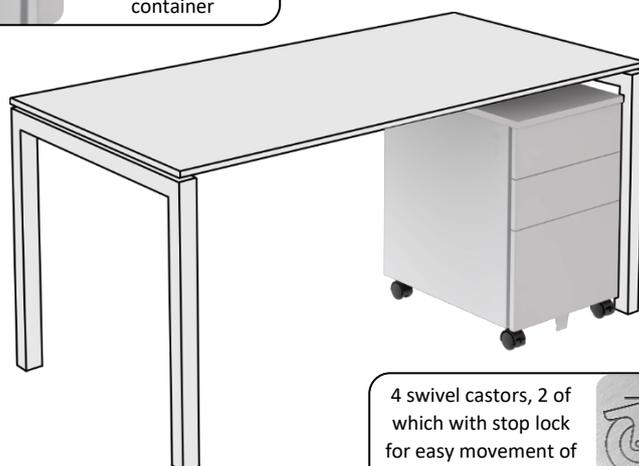

Mobile pedestal cabinets of proven quality make it possible to furnish office premises in a practical manner. The pedestals are equipped with four swivel castors, including two with blocks, which ensures stability and safety in use. Functionality is ensured by versatile drawers on full-extension ball bearing slides with a load capacity of up to 40 kg. The content of pedestals is secured by a central lock which locks all drawers at the same time. They are covered with a 18 mm thick chipboard top available in 6 veneers. Thanks to the use of top quality steel, the SZP pedestal cabinets are both extremely durable and stable. They are available in 16 RAL colours as standard. The SZP pedestals are a dedicated accessory for the STB family of office tables.

Opis oznaczeń

5-year warranty shows that we are confident in our products due to high quality workmanship and reliability. We want you to feel safe and satisfied with working with us.

PZH approval is granted for a product that does not in any way adversely affect health or the environment.

We offer 16 RAL colours as standard. Thanks to this our furniture can be matched to any interior.

ISO certification confirms compliance with standards and the high quality of products and services we offer.

Zircon technology provides very good corrosion protection for our products. In addition, this process improves paint adhesion.

We test our products in our own laboratory, the Centre for Research and Development (CBR).
